DUDLEY COLLEGE EVOLVE
DISTINCTION MERIT MERIT
2013 - 2015

PROFILE

I am a passionate filmmaker with 5 years of experience working in many short films and some feature films with a degree in Visual Communication. I excel in the camera department and I aim to become a cinematographer. I have worked on some film productions from which I aspire to meet other creatives in the industry and make beautiful films.

I am able to speak and understand 4 languages (English, Hindi, Nepali, Urdu) that helps communication easier with people from different backgrounds. I have a strong passion for storytelling, great attention to detail and willing to put the extra hours of work to ensure that a project gets done. I aim to gain more experience working on a professional environment. Proficient use of camera and sound equipment and a quick and detailed editor.

Experience

Cinematographer

Mar 2018 - Present
