## Personal Statement

I'm a creative and confident individual who has a strong ambition to work in the Television Industry. I have hands-on experience in studio and location shooting with my main area of interest being camera operation. Always ready to take on a job that I know I am capable of. I already work a lot behind cameras and in post-production with a keen eye for detail. I enjoy physically working with a team to produce something we can all be proud of.

## Experience

Videographer

Birmingham Updates · May – September 2019

Filmed & Edited an online 12-week long show which gained over 1.5 Million impressions. A show with both live performances & interviews on the street. Filmed in a multi-camera setup.

Graphics Assistant / Stage Show Camera Op

Insomnia Gaming Festival · August 2019

Assisted with making graphics for the stage show using photoshop then later compiling them into Vmix. Operated a stage camera during high energy stage performances.

Filmed and edited a 15min Q&A session with Sir Lenny Henry and June Sarpong in a multicamera format.

Videographer

Kimbley IT · August – September 2018

Capture any events and conversations my clients undertake. This role included the heavy use of handheld work.

Video Content Team

Multiplay Events · August 2018

Responsible for capturing footage from the four-day event that would later be edited and put up on to social media. Also gathered stock footage of the exhibition for use in later years.

Video Editor

Buckt August · November 2018

Editing a small promotional video each week to later be put on the company's social media.

Camera assistant

Birmingham City University/JazzTV · May 2018

Assisted a camera operator for a studio-based jazz "as live" show titled Jazz1080 under the supervision of Ex-BBC camera operator James French.

## Transferable skills

Listening · Punctual · Confident · Positive · Understanding · Attentive · Problem Solving · Comfortable with manual Labour I also want to improve both my non-technical and technical skillset.
