I am a UK based, professional lighting/camera operator, with five years industry experience shooting a range of Corporate, Commercial and Branded video content, covering various genres such as Commercials, Narrative and Documentary. Some clients include: The BBC, The NHS, Visit Britain, L'Oreal, MGroup Services and HSBC.

More recently, my work has taken me across Europe and America, working in challenging and high-pressured environments, such as weather, and dealing with sensitive cultural and political situations. With this in mind, I consider myself an experienced, dedicated and hardworking Camera Operator, with an eye for capturing creative detail.
