Mohammed Imran

PROFILE

I have just finished working at Tiger Aspects as a Camera Trainee and have gained many technical skills over the years which allows me to easily adapt to different areas of work. I am an intrinsically driven, enthusiastic, productive team player who is willing to provide the best possible service wherever placed. Since this traineeship I have piqued an interest in Video Editing and have been learning video editing skills in my spare time. Overall, I am a punctual, confident individual aspiring for success in all areas of work.
