### *Personal Profile*

I am a Director, Lighting technician (gaffer) and writer, working in the UK. Recently I have been commissioned by the 'BBC New Creatives' scheme, directing a short film I have written myself, due for release later this year.

As a naturally flexible person, I am eager to work on a variety of projects with many different organisations. Such as the 'Keep Britain Tidy' campaign, 'Street Pastors' and the 'Coventry Diocese'. As a result, I have experience in a wide range of styles from drama, horror and documentary.
