RODION SHEVCHENKO

SOUND DESIGNER

PROFILE

I'm Rodion, and I'm a sound designer. I'm currently studying Technical Theatre & Live Events at one of the most prestigious academies in Birmingham "BOA Stage and Screen Production Academy".

I've built up a range of professional experiences. Why me? Because my character and my beliefs won't let me do my job bad. As long my job is not professionally ideal, I'm not satisfied. Every work that I do, I do using not only my brain and skills but also using my heart. I guess that's why every project I was working on is doomed to 100% success.
