I am an enthusiastic and committed 1st AD, with over 10 years of experience working in the film and TV industry and although most of my work is in commercials and music videos I have done several long form projects and am eager to do more. I love every day on the job. I work just as well with high profile talent as street cast amateurs. Children and animals no problem, even at the same time. Plenty of experience with wires work, low loaders, tracking vehicles, stunts, fight scenes and pack shots! I genuinely enjoy what I do and try and get the most out of each shoot day for the director and producer. Currently living in Birmingham but work predominantly in London and am happy to commute anywhere on the globe.
