KEY ACHIEVEMENTS

- In April 2024, I successfully Deputy Stage Managed my first large-scale theatre production. This involved attending rehearsals and issuing rehearsal notes, creating my prompt copy, operating the prompt desk, calling cues and writing/issuing show reports. This opportunity provided me with a wealth of knowledge, experience and training in the role of DSM.
- Across November and December 2024, I Deputy Stage Managed The Old Rep Theatre's professional Christmas production of The Wizard of Oz alongside a full professional creative team with great industry experience.
