BIRMINGHAM, B14 4HE

Award-winning writer and director with 8+ years experience. I have worked on short films, music videos and showreel scenes. With a keen passion for writing, I enjoy working with scripts on any level, including script reading, editing and supervision. I am adamant about hands-on administration. I can produce call sheets, shooting schedules and handle contracts. I love working on set, pre and post production. I'm always looking to broaden my experience within TV and film. I live in Birmingham, but willing to travel. I have a full UK driving licence and my own car.
