## EXPERIENCE:

I have previously worked on a school production (Charlie and the chocolate factory) which required a lot of teamwork and communication. I was properties manager for this production, and I also took on the role of designing scenic items, props, and costumes. I was also apart of the stage crew and managed backstage areas to ensure that stage items and props were transported successfully. This production was after I had left school and I committed to going in during my own time to help out with this show.

I have also been apart of the visuals/concept team and props team for an escape room called "Operation Haystack" which took place at BOA Stage and Screen Academy. I took on the role as director for one of the sections when filming the trailer for the escape room.

I have worked as a deputy stage manager for an acting show called "13" at The Old Repertory Theatre. I gained a lot of experience during this show as it was my first time as DSM.

I have Stage Managed on the acting show "Henry V", this was a very enjoyable experience as it was my first time Stage Managing.

I was Deputy Stage Manager on a musical called "Magic To Do".

I was Stage Manager for The Wizard of OZ Pantomime at The Old Rep Theatre. I have had work experience at the NEC working on Crafts.

I was deputy stage manager for an acting show called "Three" At Boa CDPA.
