## SKILLS

---

I have a strong work ethic and enjoy being on location working on multiple Camera narrative corporate feature and TV reality programme s.

Over the years I have investing in my sound kit to be able to record the highest sound with wireless mic and boom microphones. This has given me the ability to work in a fast pace with finding solution's to Lav micing techniques on difficult outfits and adverse weather conditions.

I have worked all over the world on Race for the planet documentary for prime where we follow race team s on track days to get the real action of the pits. In recent years I been working betweet motor sport documentary

Adverts for trek cereal bars and neighbours doing the last episode shot in London and the most recent season starting.

I personally have not worked with any SEB people as my work I only work on my own the only show where I've ha e other sound recordist is the great British dig where I was the main sound person for season 4 on channel 4.

I feel that if I have the opportunity to join the seb next work It will allow Me to further my connections and not miss out on great opportunity s that you have to offer.

Other skills

working in extreme environments deserts artic circle, boat at sea, mines and queries.

Working around farm animals and farm equipment heavy applications such as Cat machines diggers and dumpers.
